training by 2030

Origins & Context

Inception

Established in 2024 in Thane, Maharashtra as a community-based organization, it acts as the social wing of Karmakar Foundation.

Focus

Targeted interventions for women, adolescents, and families.

Methodology

Workshops, community sessions, and awareness programs (nutrition, life skills, skill training).

Ultimate Goal

Creating healthier, confident communities through informed decision-making and active participation.

Directors' Vision

Dear Friends, Partners, Donors, and Supporters,

With immense gratitude, we present the Annual Report of the Drop Pearl Charitable Foundation. Our vision is to create meaningful social impact, one life at a time. Every initiative we undertook this year was guided by our mission to positively transform the lives of one lakh individuals from marginalized communities by 2030—fostering healthier, empowered, and sustainable communities where every individual has the opportunity to thrive..

By working closely with communities, we remain agile, responsive, and focused on reaching those who need us most.

**“True social change is not about building structures;
it is about building people, resilience, dignity, and hope.”**

We are deeply grateful to our donors, partners, volunteers, board members, and well-wishers whose unwavering support makes our journey possible.

Together, let us continue to create opportunities, empower lives, and build stronger communities.

With warm regards,

Savita Drego & Sampada Kor
